### VOLUME I

**Processes of Peace and Security**  
Úrsula Oswald Spring, CRIM/UNAM/MRF Chair UNU-EHS, México

1. Some General Comments  
2. Key Messages of this Volume  
3. Some Conclusive Ideas

**International Security, Peace, Development, and Environment**  
Úrsula Oswald Spring, National Autonomous University of Mexico (UNAM), México

1. Introduction  
2. Historical Roots of Peace Thinking  
   - 2.1. Indian Origins of Nonviolence: Hinduism, Jainism and Buddhism  
     - 2.1.1. Hinduism  
     - 2.1.2. Jainism  
     - 2.1.3. Buddhism  
     - 2.1.4. Mohandas K. Gandhi’s thinking  
   - 2.2. Confucius and Lao Tse: Chinese Origins of Peaceful Co-habitation  
   - 2.3. Greek, Rome, Christianity, Kant and Marx  
     - 2.3.1. Greek and Christian Origins  
     - 2.3.2. Private Property and Patriarchy  
     - 2.3.3. State, Division of Power and Democracy  
     - 2.3.4. Social Contract and Social Struggles  
     - 2.3.5. Kant’s Eternal Peace and Cooperation among Countries, Social Classes and Within the Family  
     - 2.3.6. Globalization and New Threats to Peace  
3. Latin America: Indigenous Roots, Conquest, Repression, Social Movements and the Environment  
   - 3.1. Indigenous Roots  
   - 3.2. Conquest and Industrialization  
   - 3.3. Revolution, Repression and Social Movements  
   - 3.4. Social Movements  
3.5. Peace Research in Latin America Linked to Global Peace Efforts  
4. HUGE: Human, Gender and Environmental Security  
5. Some Conclusive Approaches

**Security Threats, Challenges, Vulnerability and Risks**  
Hans Günter Brauch, Otto-Suhr Institute for Political Science, Free University of Berlin, Germany

1. Introduction: Four Security Dangers: Threats, Challenges, Vulnerabilities and Risks  
2. Impact of Global Contextual Change since 1990 and of Scientific Change on Reconceptualization of Security  
   - 2.1. Global Contextual Change as a Cause for Reconceptualizing for Security  
   - 2.2. Scientific Innovation and Reconceptualization of Security  
   - 2.3. Widening and Deepening of Security: Environmental and Human Security Concept  
3. Reconceptualizing Security Threats after the Cold War  
   - 3.1. Etymological Origins of the Term “Threat”  
   - 3.2. Security Threats as a Political and as a Scientific Concept during the Cold War  
   - 3.3. Security Threats as a Political and as a Scientific Concept after the Cold War  
   - 3.4. Environmental Security Threats in the New Millennium  
4. Reconceptualizing Security Challenges after the Cold War  
   - 4.1. Etymological Origins of the Term “Challenge”
4.2. Security Challenges as a Political and as a Scientific Concept after the Cold War

4.3. Environmental Security Challenges in the New Millennium

5. Reconceptualizing Security Vulnerabilities after the Cold War
   5.1. Etymological Origins of the Term “Vulnerability”
   5.2. Vulnerability as a Political and as a Scientific Concept in the Academic Literature
   5.3. Vulnerability as a Scientific Concept in the Global Change Community
   5.4. Vulnerability as a Political and as a Scientific Concept in the Climate Community
   5.5. Vulnerability as a Political and as a Scientific Concept in the Hazard Community

6. Reconceptualizing Security Risks after the Cold War
   6.1. Etymological Origins of the Term “Risk”
   6.2. Risk as a Political and as a Scientific Concept in Encyclopedias
   6.3. Risk as a Political and as a Scientific Concept in Scientific Dictionaries
   6.4. The Debate on “Risk” and “Risk Society” in the Social Sciences
   6.5. The Debate on “Risk”, “Risk Society” and “Risk Policy” in Political Science
   6.6. Global and Regional Environmental Risk as a Scientific Concept
   6.7. Risk as a Scientific Concept in the Hazard Community
   6.8. Risk as a Practical Concept in the Hazard Community

7. Conclusions

Four Phases of Research on Environment and Security

1. Introduction
2. First Research Phase: Impacts of Wars and of the Military on the Environment
3. Second Research Phase: Environmental Scarcity and Conflict
   3.1. Thomas Homer-Dixon and the Toronto Group
   3.2. Günther Bächler and the Swiss ENCOP Group
   3.3. Assessments of the Second Phase of Research
4. Third Research Phase on the Environment, Conflict and Conflict Resolution
   4.1. Global Environmental Change and Human Security (GECHS)
   4.2. ECOMAN, ECONILE and NCCR IP7
   4.3. Syndrome Approach of the German Scientific Advisory Council on Global Change
   4.4. Mitigating Syndromes for Global Change
   4.5. US State Failure Task Force Project
   4.6. Classifications and Analyses of the Causes of War
   4.7. The Transboundary Freshwater Dispute Database
   4.9. A Preliminary Assessment of the Third Research Phase
5. Recent Critiques of the Environmental Security Debate and International Activities
   5.1. Critique of Research on Environmental Security and Conflict
   5.2. U.S. Challenges of USA Environmental Security Debate
   5.3. From Environmental Conflict to Environmental Peacemaking
   5.4. Critiques for and by the World Bank
   5.5. From Research to Action: International Policy Activities since 1990 in the UN and EU
6. Towards a Fourth Phase of Human and Environmental Security and Peace (HESP)
   6.1. Essentials for Research on Human and Environmental Security and Peace (HESP)
   6.2. Pragmatic Grotian View on Security and Equity-oriented Standpoint on the Environment
   6.3. Normative People-centered Human Security Perspective
   6.4. Interdisciplinary Regional Focus of a Political Geocology
   6.5. Multilateral International Organizations as Key Actors
   6.6. Policy Goal: Contributing to a “Culture of Prevention”
   6.7. Creation of Knowledge that Contributes to Pro-Active Policy Initiatives
   6.8. Institutionalization of Basic and Applied Research
      6.8.1. GECHS: Global Environmental Change and Human Security
      6.8.2. UNU-Institute on Environment and Human Security UNU-EHS
      6.8.3 PRIO-Center for the Study of Civil Wars (Oslo)
      6.8.4. Science Partnerships on Mitigating Syndromes of Global Change (Bern)
   6.9. Networking among Scientists and Practitioners
6.10. Dissemination of Policy-Relevant Information

7. Conclusions

The Model: Global Environmental Change, Political Process and Extreme Outcomes
Hans Günter Brauch, Otto-Suhr Institute for Political Science, Free University of Berlin, Germany

1. Introduction
2. The Model
3. Natural Causes: Global Environmental Change
4. Global and Socio-economic Contexts
5. Impacts: Environmental Scarcity, Degradation and Stress
6. Extreme and Fatal Outcomes of Global Change and Environmental Stress
7. Societal Consequences of Extreme Outcomes
8. Political Process: Responding to Societal Consequences of Extreme Outcomes
9. Conclusions for Policy-relevant Research Needs

Humankind and Consumption of Renewable and Non-Renewable Resources: Limits of Growth as a Challenge or Unlimited Growth as a Solution?
Franc C. Verhagen, Earth and Peace Education Associates International (EPE), USA

1. Introduction
   1.1. Earth Summit 1992
   1.2. Unjust distribution of resources
   1.3. Questions being raised using the ATM methodology
   1.4. Organization
   1.5. Information and readiness for responsibility
2. Humankind and Resources: Analyzing
   2.1. The historical view
      2.1.1. The long view
      2.1.2. The medium historical view
      2.1.3. The short historical North American perspective
   2.2. Anthropocentric and biocentric orientations
   2.3. Conclusions from historical analysis
      2.3.1. Constant change and evolution of attitudes
      2.3.2. Evolution of notion of resources
      2.3.3. Unjust distribution of resources
         2.3.3.1. Poverty and food insecurity as examples of mal-distribution
      2.3.4. Militarization of resources
      2.3.5. Interconnectedness of resources in a globalizing world
   2.4. Section conclusion
3. Humankind and Resources: Theory
   3.1. Theory and values
      3.1.1. Science, objectivity, bias, ideology, values
      3.1.2. Earth Charter values as a guide to resources use
   3.2. Unmasking growthism, resourcism and other ideologies
   3.3. Building towards a theory of sustainability
      3.3.1. The challenge of wedding the technical and normative dimensions
      3.3.2. Ecological economics and a theory of sustainability
      3.3.3. A sociology of sustainability and a theory of sustainability
      3.3.4. The sustainable communities and smart growth movements
   3.4 The contextual sustainability planning and accounting framework
      3.4.1. Organizing value of ecological integrity
      3.4.2. The four contextual values
         3.4.2.1. Social justice
         3.4.2.2 Active non-violence
      3.4.2.3. Participatory decision-making
3.4.2.4 Futurity
3.4.3. The three foundational assumptions
   3.4.3.1 Biocentrism
   3.4.3.2 Bioregionalism
   3.4.3.3 Cosmogenesis
3.4.4 Applying the CS framework
3.5 Answers to questions of humans, resources and growth strategies
   3.5.1 Uncontrolled growth as a solution.
   3.5.2 Control of growth as a challenge
      3.5.2.1 Use of renewable and non-renewable resources.
   3.5.3 Values and growth
   3.5.4 The sustainability continuum and resources.
3.6 Connections to peace and peace education
3.7 Connections to security
3.8 Section conclusion
4. Humankind and Resources: Mobilization
   4.1 The need for boldness
   4.2 The challenge of personal transformation, conversion, metanoia
4.3 Pathways to mobilizing societies
   4.3.1 United Nations family of organizations
   4.3.2 Formal educational institutions
   4.3.3 NGOs and Green Movement
   4.3.4 Religious traditions
   4.3.5 Corporations
   4.3.6 National governments
4.4 Section conclusion
5. Conclusion
   5.1 Need for a holistic view and a value-based theory of sustainability.
   5.2 Sophisticated use of resources
   5.3 Channing’s symphony of life poem

Gender And Violence. Diversity And Difference 266
Irene Casique Rodriguez, Universidad Nacional Autonoma de Mexico, Av, Universidad, Mexico
1. Introduction.
2. Violence, Diversity and Differences.
   2.1 Different types of violence.
   2.2 Diversity in the experience of violence.
3. Gender and Violence
   3.1 Different types of violence against women.
   3.2 Causes of Gender Based Violence
   3.3 Risk Factors of Violence against Women
   3.4 Consequences of Gender Violence
4. Conclusions

Citizenship and Peace Education 280
Medardo Tapia Uribe, Universidad Nacional Autonoma de Mexico, Mexico
1. Introduction
2. Education for citizenship in times of peace
3. Education for peace in an ethnic conflict or in time of war
4. Education for peace after war
5. Discussion and final comments

Gender and Environmental Security: A Huge Challenge 297
Ursula Oswald Spring, National Autonomous University of Mexico (UNAM), Mexico
1. Presentation of the Chapter
2. Gender Security
3. Gender and Science
   3.1. Epistemological Feminism
   3.2. Feminist Empiricism
   3.3. Postmodern Feminism
   3.4. Standpoint Feminism
4. Four Phases of Gender Security Studies
   4.1. First Phase: Analysis of Identity and Social Representation
   4.2. Gender Security in Difficulties
   4.3. Second Phase: Postmodern Feminism and Gift Economy
   4.4. Third Phase: Environmental Degradation and Ecofeminism
   4.5. Fourth phase: Social Movements
5. HUGE: Human, Gender and Environmental Security
6. Some Conclusive Ideas

**Engendering Security**  342
Bernedette Muthien, *Engender, South Africa*

1. Introduction: Is Security Gendered?
2. Contesting Security
   2.1. National Security
   2.2. Human Security
3. Engendering Security
   3.1. The Uncivil War Against Women: Gender as Society’s Battle Line
      3.1.1. Othering and oppressions
      3.1.2. Partnership and ‘Matriarchy’
      3.1.3. The Origins of Gender Oppression
   3.2. Gender-based violence
4. Rethinking Activisms
5. Conclusion

**Index**  363

**About EOLSS**  371

**VOLUME II**

**Mediation: Empowering People for Better Understanding (Mediation and PeaceBuilding)**  1
Diana de la Rua Eugenio, *University of Buenos Airs, Argentina*

1. From conflict to a Impartial Third Party
2. Mediation
   2.1. What is it? Characteristics
   2.2. Role and function of the mediator:
3. Community Mediation:
   3.1. What is it about?
   3.2. Community Mediation Centers
   3.3. The community mediator
4. Mediation and Peace Building
5. Conclusions

</table>
1.4.1. The Imposition of Dangers on People

2. Unloved Heroes of our Establishment - Examples
   2.2. Wangari Maathai and her Non-violent Commitment to Democracy and the Environment
   2.3. Mordechai Vanunu and the Secret which isn't
   2.4. The Case of Nikitin – Environmentalist or Spy?
   2.5. Daniel Ellsberg and the Pentagon-Papers
   2.6. The "Little Soldier" Joseph M. Darby Serving for a Set Time
   2.7. George Carlo – from Saulus to Paulus
   2.8. Thamasaroj, the "Crazy Dog" – "If only they had listened"
   2.9. Whistleblowing inside Enterprises and Authorities
   2.10. Whistleblowing in the Case of State Secrets.

3. Civil Courage
   3.1. Civil Courage and Conscience
   3.2. Learning Civil Courage from Role Models

4. Whistleblowing
   4.1. Reaction out of Disappointment
   4.2. Successful Whistleblowing
   4.3. What you should know about Whistleblowing – the ABC of Whistleblowing
   4.4. Protection Laws for Whistleblowers
      4.4.1 Legality, Illegality, Legal Illegality
      4.4.2. Sarbanes-Oxley Act
      4.4.3. Protection of Whistleblowers
      4.4.4. Military Whistleblower Protection Act, USA
      4.4.5. The "Public Interest Disclosure Act", UK

5. Social Peace
   5.1. The Sensitivity of Life Processes
   5.2. Peter Ustinov in Davos
   5.3. A new Security
   5.4. Whistleblowing as an ‘Early Warning System’ for a Healthy Economy
   5.5. Creating a Culture of Civil Courage.
   5.6. Awards and Rewards for whistleblowers

**Peace Education through Peace Museums**

Kazuyo Yamane, *Department of Humanities, University of Kochi, Japan*

1. Introduction
2. War Memory, War Museum and Peace Museum
   2.1. Introduction
   2.2. A Concept of War Memory
   2.3. The Definition of a War Museum and a Peace Museum
   2.4. A Comparison of Exhibits on War between a War Museum and a Peace Museum
      2.4.1. Yushukan Museum in Yasukuni Shrine
      2.4.2. Kyoto Museum for World Peace
      2.4.3. The Memorial Hall of China’s War of Resistance against Japan in China
      2.4.4. The National Showa Memorial Museum
3. The Background of Peace Museums in Japan
   3.1. Article 9 of the Japanese Constitution
   3.2. Peace Movement
   3.3. Conclusion
4. The Growth of Japanese Peace Museums from an International Perspective
   4.1. Introduction
   4.2. Categorization of Peace Museums
   4.3. An Overview of Japanese Peace Museums in the World
   4.4. Peace Museums in the World except Japan
   4.5. Peace Museums in Japan
   4.6. 100 Peace Museums in the World including Japan
5. Characteristics and Problems of Peace Museums in Japan
   5.1. Introduction
   5.2. The Purpose of Establishing a Peace Museum
   5.3. The Way of Establishing Peace Museums
   5.4. The Contents of Exhibitions
   5.5. The Types of Activities
   5.6. International Network and Japanese Citizens’ Network of Peace Museums
   5.7. Peace Museum Projects in Japan
7. Conclusions

Civil Resistance and Nonviolence. 164
Pietro Ameglio Patella, *Humanities Department in the Christian Brothers University of Cuernavaca, Mexico.*
1. Introduction
2. Civil Resistance: What should we look towards?
3. Civil Resistance and Autonomy

Natural Disasters And Early Warning In The Context Of Human Security 174
Juan Carlos Villagran, *Institute for Environment and Human Security, United Nations University, Germany*
1. Introduction
2. Fatalities, injuries, and human security
3. Natural disasters in the context of security
4. Early warning as a means to minimize loss of lives in case of natural disasters
5. People-centered early warning systems
6. Current limitations in early warning
7. Concluding remarks

International Security, Peace, Development, and Environment 190
Ursula Oswald Spring, *CRIM/UNAM/Coltlax, México*
1. Introduction
2. Historical Roots of Peace Thinking
   2.1. Indian Origins of Nonviolence: Hinduism, Jainism and Buddhism
       2.1.1. Hinduism
       2.1.2. Jainism
       2.1.3. Buddhism
       2.1.4. Mohandas K. Gandhi’s thinking
   2.2. Confucius and Lao Tse: Chinese Origins of Peaceful Co-habitation
